# DNL Recreation Inc.

When you visit **DNL Recreation**, you will likely be welcomed by a handsome and very friendly Golden Doodle named Duke. Dave and Lori Bonsack have been bringing Duke to their camper sales and service business most days since they first got the 3 month old, Duke, 3 years ago.

Listening to them talk about Duke, it was so obvious how much he means to them. Dave laughed when he told me the story of how Duke got his name. He said Duke was such a little fluff ball and looked so feminine that they had to give him a “tough” name, naming him after John “The Duke” Wayne.

Lori went on to tell me about some of Duke’s favorite things. He loves it when kids or dogs come into the store. He plays “hard to get” with them until they lose interest and then he will let them catch him. He really loves little children and is incredibly gentle with them, coming up close and then gently giving them just a little lick as if to give them a kiss.

Even Dave & Lori’s 21 year old son, Nick, got in on the stories. While laughing, he told me how his parents now take his school pictures out of their frames and replace them with pictures of Duke. It was also very obvious that Nick and Duke are great friends because Nick could get Duke to do just about anything.

## Student Photographer

When working on “A Paw Print on Hope,” our group wanted to involve our local community whenever and wherever possible. We were very fortunate to have Whitney Baierl help us by photographing the beautiful picture of Duke that is on page 17 in the book.

**Thank you Whitney!!!**

Some of Dave & Lori’s regular customers have come to love Duke so much, they spoil him by bringing him treats when they come to shop.

Duke goes home each night to spend time with his 17 year old feline sibling, Purdy. When he was just a pup, Purdy was not very excited about the family addition, but today they are great friends.

Dave & Lori are great people and if you find yourself driving down 8<sup>th</sup> Street, stop in and say hi. Duke will greet you at the door and they have a great selection of campers and other services to meet any of your camping needs.

## Paw Print on Hope on the Marquee

To help with book sales, Dave and Lori announced the book sales on their marquee and have sold books for us since they have been available.

Thank you !!!

**~ Thank you Dave & Lori ~  
Your support is very much appreciated!**
